

ENHANCE YOUR FRONTLINE & IT PERFORMANCE WITH WORKJAM INTEGRATIONS

INTEGRATIONS FOR ULTIMATE COLLABORATION EXTENSIBILITY

Your search for seamless frontline team management ends here. WorkJam integrations offer flexibility and ease, flawlessly embedding within your existing platforms bringing WorkJam everywhere to bridge the gap between corporate and frontline workforces. **With WorkJam, IT professionals can ensure an adaptable and compliant platform, complete with advanced fencing options for hourly workers. It's a win-win across all departments.**

BRIDGE THE GAP BETWEEN CORPORATE & THE FRONTLINE

The speed of business is fast-paced and it's more important than ever to ensure effective communication and collaboration between corporate teams and frontline workers. However, traditional methods often fall short in meeting this need between desk and deskless environments. With WorkJam integrations, organizations can bridge the gap between these two critical workforces, ensuring flawless communication and collaboration for efficient and productive operations.

EXTENSIVE INTEGRATION CAPABILITIES

WorkJam offers extensive integration capabilities, making it easy to incorporate into your existing systems and platforms. Our platform integrates with leading workforce management tools like UKG, HRIS systems, payroll providers, collaboration tools like Microsoft Teams and Salesforce and much, much more. This ensures a smooth flow of data between systems and minimizes the need for manual data entry or duplicate work.

INTEGRATIONS TO MEET YOUR UNIQUE NEEDS

We understand that every organization is unique and may have specific business processes and systems in place. That's why WorkJam also offers custom integrations tailored to your specific needs. Our team of experts will work with you to understand your requirements and develop a seamless integration solution that meets your unique needs. With WorkJam, you can ensure integrated and streamlined technologies in your ecosystems.

COMPLIANCE & SECURITY AT THE FOREFRONT

At WorkJam, we take compliance and security seriously. Our solution is designed to meet the highest standards of data privacy and security regulations. All our integrations undergo rigorous testing and adhere to industry best practices to ensure a secure transfer of data. With WorkJam, you have peace of mind knowing that your sensitive employee information is always protected.

EMPOWERING YOUR FRONTLINE & IT TEAMS

With WorkJam's seamless integrations, both frontline and IT teams are empowered to do their best work. Frontline workers can easily access schedules, communicate with managers, and complete tasks all in one platform, while IT professionals can ensure a compliant and secure system with minimal maintenance. Together, these integrations enable better collaboration, increased efficiency, and improved performance for your entire organization.

BENEFITS OF WORKJAM INTEGRATIONS

Expand existing platforms to the frontline and enhance business operations with WorkJam's integrations:

- **Empower Your IT Team:** IT professionals can enjoy the benefits of a seamlessly integrated platform that offers advanced security and compliance features. Our integrations are designed to be adaptable and scalable, ensuring that your technology infrastructure is always up-to-date and compatible with the needs of your organization.
- **A Collaborative Solution For All Departments:** WorkJam's seamless integrations facilitate collaboration across all departments, from frontline workers to corporate teams. By bringing these critical workforces together on one platform, organizations can improve productivity and efficiency while fostering a sense of unity and teamwork. With WorkJam, every department is empowered to communicate, collaborate, and contribute towards achieving common business goals.
- **Accessibility Redefined:** Access WorkJam anytime, anywhere, on any device through our responsive web and app interfaces.
- **Expand Your Ecosystem:** WorkJam's integrations are designed to integrate seamlessly with other essential business systems, creating a robust and unified ecosystem that streamlines operations and enhances collaboration. By expanding your ecosystem with WorkJam, you can achieve greater efficiency, productivity, and agility across all departments.
- **Actionable Data Insights:** With WorkJam's integrations, organizations also gain access to valuable data and insights that can inform decision-making and drive business growth. WorkJam allows for a more holistic view of operations, leading to better resource allocation, improved efficiency, and increased profitability.

SEAMLESS, EFFORTLESS & CUSTOMIZABLE

Experience the finesse of WorkJam's integrated workflows that are:

- **Seamless:** Integrate smoothly with Single Sign-On (SSO) and native team apps.
- **Invisible:** Customize icons, names, and themes to align with your brand.
- **Optimized:** Rapid deployment with Azure services catering to a dynamic workforce.

STREAMLINE YOUR DIGITAL FRONTLINE WORKPLACE WITH DIGITAL LAUNCHPAD

Our Digital Launchpad empowers your organization by centralizing all third-party solutions through WorkJam, making digital expansion simple, swift, and secure. By using WorkJam integrations, your IT team can confidently future proof your technology stack for growth and change.

CREATE A DYNAMIC SOLUTION WITH UKG PRO WORKFORCE MANAGEMENT

Extend UKG Pro Workforce Management with WorkJam for the ultimate frontline employee experience. Offer unparalleled operational functionality, flexible scheduling, and employee self-service without overburdening corporate administrators or field managers.

HARNESS THE POWER OF AI, CUSTOMER EXPERIENCE & EMPLOYEE EXPERIENCE WITH QUALTRICS

Integrate WorkJam with Qualtrics to bridge the gap between feedback and action. Capture the voice of every customer and frontline employee to gain actionable insights that will revolutionize your business.

- **Responsive:** Real-time customer feedback fixes problems immediately with automated frontline workflows.
- **Engaging:** Improve satisfaction and engagement for better retention.
- **Compliant:** AI-driven insights and processes keep your business, employees, and customers safe.
- **Empowering:** Unburden managers focused on boosting productivity and efficiency of frontline staff.

SUPERCHARGE MICROSOFT TEAMS

Enhance your Microsoft Teams environment with WorkJam. Extend Teams communication capabilities with full compliance for your entire workforce, utilizing licenses and bringing everyone onto one platform for clear, targeted exchanges.

- **Selective Functionality:** Engage with independent modules tailored to your business needs.
- **Full Feature Set:** Leverage the full intellectual property of WorkJam seamlessly within Microsoft Teams.
- **Responsive Design:** Enjoy a fully responsive React application adhering to Teams UX standards.

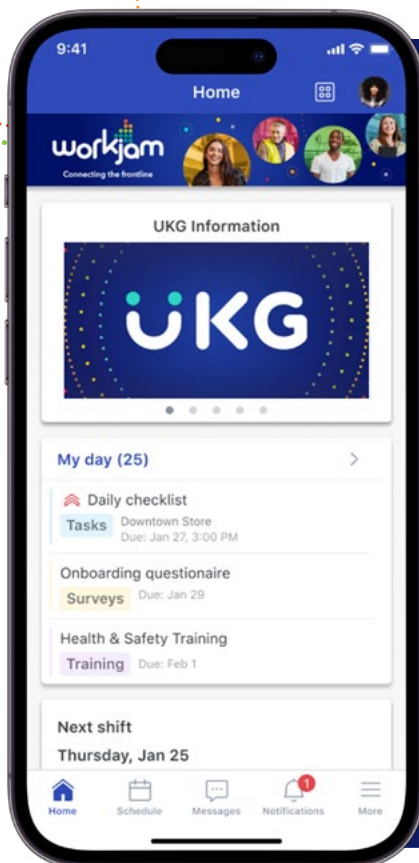

SIMPLIFY DEPLOYMENTS & FUTURE-PROOF GROWTH WITH AZURE SERVICES

- **User Provisioning Service:** Seamlessly synchronize user data between WorkJam Server and Azure Active Directory.
- **Teams & Channels Administration:** Automatically organize Teams based on WorkJam's hierarchy and deploy channels aligned with your organizational structure.
- **Policy Administration:** Apply and update messaging policies dynamically, adapted to user roles and shifts.

THE WORKJAM DIFFERENCE

At the heart of WorkJam is our commitment to creating better work experience for frontline employees, regardless of their role or location. Our integrations play a vital role in achieving this goal, allowing for easier communication, collaboration, and access to important data and insights. With WorkJam's integrations, IT professionals can confidently create a dynamic and efficient technology ecosystem that supports the needs of the entire organization and a win-win situation for all departments within an organization.

- **Communication:** Keep your teams connected and informed without overwhelming them with digital "noise." Extend Microsoft Teams, Qualtrics Employee Experience solutions, or reduce field managers email burden. With WorkJam, bring harmony to the discord of disparate communication.
- **Task Management:** Intelligent Task Management workflows help you streamline and track tasks effortlessly across platforms to increase performance, compliance, and brand consistency.
- **Learning:** Enhance, complement, and extend your LMS and learning programs to your frontline employees with training built for workers on the go.
- **Flexible Scheduling & Staffing:** Extend your WFM platforms to optimize scheduling and staffing, offer open shifts, and create an Open Shift Marketplace.
- **Early Wage Access:** Provide employees with early access to earned wages as an added benefit for frontline workers.
- **A True Digital Frontline Workplace Super App:** WorkJam offers a comprehensive solution for managing all aspects of the frontline workplace, from communication and scheduling to task management and more.
- **Designed For Today's Workforce:** With a diverse and dispersed frontline workforce becoming the norm, WorkJam's integrations help bridge the gap between corporate and field teams.
- **Empowering Organizations To Evolve:** By streamlining operations, enhancing collaboration, and offering valuable data insights, WorkJam enables organizations to evolve and adapt to meet changing business needs.
- **Committed to Security & Compliance:** WorkJam is committed to ensuring the highest level of security and compliance for all our integrations, providing peace of mind for both IT professionals and frontline employees.
