

One App. One Team. Better Results.

WorkJam is more than just an app, it's the leading digital frontline workplace.

It's the only one-stop shop built for your hospitality frontline, that grows with you. With WorkJam, your frontline can easily:

- Collaborate
- Communicate
- Manage and measure tasks
- Learn-in-the-flow of work
- Schedule and swap shifts

Happy, productive team members keep customers coming back for more.

Create a single point of contact to your frontline that connects training, tasks and more - all from a unified platform eliminating the need to switch between tools.

Communication is vital in foodservice. WorkJam allows for two-way communication that cuts through the noise - both physical and otherwise; relay updates about new menu items, locations, or achievements.

Relay tasks and share channels to share best practices, new restaurant items, and communicate with corporate leadership and inform them of emergencies (i.e. cooler drops below a certain temperature).

Upskill and develop talent to maximize labor. Stay up to date with the latest ServSafe certification and alcohol compliance regulations.

Adapts to your flow of work and automates recurring processes making more time to focus on the things that matter.

41%

of hospitality businesses rely on manual systems, risking efficiency and employee satisfaction

72%

of hospitality leader agree that better employee experience boosts customer satisfaction

ONLY 25%

of hospitality businesses have a fully orchestrated workforce
